

# Thinking Driver Online Training

Our eLearning courses are interactive, media rich programs that engage your employees to learn safe driving from the convenience of their own computer at the office or at home 24/7 364 days a year. *All programs are certificate courses that include a downloadable manual and qualification test at the end.*

## **Defensive Driving Fundamentals**

In this certificate course, your employees will learn:

The Five Fundamentals of Defensive Driving

- 1) Think and Look Ahead
- 2) Anticipate Hazards
- 3) Keep Your Options Open
- 4) Manage the Risk
- 5) Control With Finesse

*Approx. 1.5 hours to complete.*

## **Defensive Driving Attitudes**

Driver attitude is a major reason for risky driving actions and behavior. In this course your employees will learn:

- How personal factors can influence risk tolerance
- How to reduce stress and its effects on driving
- How to reinterpret other drivers' actions to avoid becoming angry or aggressive
- How emotional intelligence affects safe driving...and much more!

*Approx. 1.5 hours to complete.*

## **Defensive Driving Fundamentals & Attitudes**

Our signature defensive driving eLearning program combines the Fundamentals with the Attitudinal component, as described above.

*Approx. 3 hours to complete.*

## **Backing Safety Fundamentals**

Backing incidents are costly to organizations, often resulting in property damage and in some cases injuries or death. The backing fundamentals online course identifies the main risks associated with backing up a vehicle and offer simple solutions on how to reduce backing risk including the Seven Fundamentals of preventing backing incidents.

*Approx. 75-90 minutes.*

## **Winter Driving Fundamentals**

Winter Driving can present challenges to both you and your vehicle. Being prepared is imperative! Explore the main risks associated with winter driving and some simple solutions on how to reduce winter driving risk. This course includes:

- The Six conditions that affect winter driving
- Traction and Control
- The 3 Elements of Control

*Approx. 20-30 minutes.*

## **Four Wheel Drive Fundamentals**

Prepare your staff in the safe operation of four-wheel drive and all-wheel drive equipped vehicles. Includes equipment familiarization, how to operate transfer cases and axles, basic four-wheel drive techniques such as crossing water, handling hills and ditches and more.

*Approx. 45 minutes.*
